| Yes. Results: 245 Yes / 249 No. Motion Failed | |
| CAM 25-3: Text change owners responsibility. | Voted |
| No. Results: 120 Yes / 363 No. Motion Failed | |
| CAM 25-4: Provide prior records to ITM rep. | Voted |
| No. Results: 235 Yes / 285 No. Motion Failed | |
| CAM 25-5: Motion Withdrawn | |
| CAM 25-6: Identify/Advise Recall heads in spare box. | Voted |
| No. Results: 208 Yes / 241 No. Motion Failed | |
| CAM 25-7: Compressor ITM. | Voted |
| Yes. Results: 251 Yes / 175 No. Motion Passed | |
| CAM 25-8: Motion Withdrawn | |
| CAM 25-9: Specific language change 13.10 compressors. | Voted No. |
| Results: 227 Yes / 209 No. Motion Passed | |
| CAM 25-10: Motion Withdrawn | |
| CAM 25-11: Include time frame requirements/strike text. | Voted |
| No. Results: 154 Yes / 274 No. Motion Failed | |

CAM's 25-1, 25-2, and 25-9 were simple language changes with little to no real change to the Standard, and were all voted down in the regular committee meeting for one reason or another and the change in my vote for the 25-2 CAM was only due to the compelling and reasonable argument of the submitter Marcelo Hirschler.
